GUARANTEE

If we hope to retain trade, we can send only such stock as is true to name, first class quality and in good condition when it leaves our place.

Since we have no control over stock after it leaves our place, we cannot assume responsibility for failures due to improper planting or neglect after the roots have left our hands. Any stock which proves otherwise will be gladly replaced. We do not substitute inferior varieties for those ordered but should a variety be sold out, we will fill the order with a similar or better variety correctly labeled, unless instructions to the contrary are given in the order.

The prices quoted in this list are as low as is consistent with the quality of stock we send out. On account of the extreme shortage of some varieties it is **very important to order early**. Our stock of some of the choicest varieties is limited and it is often impossible to secure them late in the season.

When ordering, please write your **name, postoffice, county and state** plainly and give your nearest express office address, if it is different from your postoffice address.
